

Eight little fishes

Colour the fishes in and cut them out.

- If the fishes are printed on paper they can be turned over, traced through the back with a felt tip pen and coloured so that they are the same on both sides.
- If the fishes are printed on card, the top four fishes can be cut out and glued to the back of the bottom four fishes so that again they are the same on both sides.

More fishes of different sizes.

Two fish bowls to cut out. Glue your fishes on and make fishy pictures.
